[Jefferson Apartment Group](#) (JAG), a leading multifamily developer and operator specializing in premier apartment communities throughout the East Coast, announces today that Jefferson Mount Laurel has delivered the initial phase of units with first residents moving into this brand new community in Mount Laurel, New Jersey.

The 490-unit apartment community is a joint venture with Northwestern Mutual, and JAG is providing the property management services. The project is the second in a series of recent deliveries from JAG in Greater Philadelphia, kicking off a year of exciting investments in the market.

“We are thrilled to announce the opening of another development project in the Philadelphia market as we continue to grow our presence here,” stated Drew Chapman, Senior Vice President and Development Partner at Jefferson Apartment Group. “We see enormous potential in the Philadelphia market having successfully opened Maybrook in late 2017 and now Jefferson Mount Laurel, with another project in Exton delivering within a year that will bring our Greater Philadelphia managed portfolio to over 1,600 units by year-end. So to say it will be an exciting year for us in the Philly market would be an understatement.”
